"We just hosted a party for 50 people this past weekend and it was spectacular! We had the lounge and the adjoining space and the vibe was perfect. The food and drinks were fabulous as well. We worked with Rachel coordinating the event and she was extremely helpful and wonderful to work with. Beatrice was our server for the evening and we couldn't have asked for a better person. She was so kind and accommodating and helped everything run smoothly. Thanks Park and Field for a night full of memories + great evening that people are still talking about!"

"Park & Field is such a fun place to go with a big group or party! Sit around a fire pit in beachy chairs, sit under umbrellas around big tables, enjoy a game of outdoor bocce, or chill inside by the bar in the big room, perfectly decorated + situated for parties! The ideal place for brunch on a weekend or a big group gathering."

"Park & Field is such an eclectic, fun, and hip/unique place. I love the vibe of this space, with ample indoor and outdoor covered seating. The waitresses were all very nice, as well. I have come to two outings here hosted by third parties (one with Yelp Elite). Food & vibes were great every time."

Had my 30th Birthday Party at Park & Field. It was a great experience top to bottom. Rachel, the party planner, was great with all of the details and menu planning; the owner was there day-of to make sure everything went smoothly. Staff was wonderful and all my guests kept saying what a great place for a party: so cozy and festive!

"Hosted a holiday work party for 100+ people here and was blown away."

I organized our work holiday party here for 100+ people, and I was blown away. The food, drinks, and service were all amazing. The bar staff was especially helpful in keeping me up to date with our group's bar tab. The food – DELICIOUS. This is legitimate satisfying food, not just "bar food" – our group loved the Mac and cheese cups and steak sliders. Everything was transparent from the start.

Special thanks to Rachel, who was wonderful at helping us coordinate our event from the beginning, very responsive to emails and phone calls and helpful in accommodating our groups needs. We had a beautiful private space as well with our own large bar. I Not to mention, they have fire pits and a yurt – would highly recommend this spot for a large event.

"I recently hosted an event at Park & Field and it was absolutely amazing experience. Service was phenomenal, we had roughly about 15 people in our party and the server went above and beyond to make sure everyone was taken care of. She was absolutely impressive. The food was delicious and the drinks were on point. I was overwhelmingly impressed at the quality and everything came out timely. Highly recommend the steak sliders and the buffalo chicken tenders to share."

"We hosted 2 family events here in "The Lounge" of the restaurant. Very cozy & relaxed space with Fireplace, lots of comfy couches and long wood tables create a warm and easy space for folks to mingle. Rachel was fantastic and helped with menu selections and coordination. Alex, our server, was exceptional and very friendly. Highly recommend Park & Field for your next event. All of the food was exceptional. The roast sirloin was a big hit with our group."

"Perfect venue from beginning to end ... unforgettable time, unforgettable memories ... and food was delicious!"

I just hosted my boyfriends 30th birthday party at Park and Field and it was the perfect venue! From beginning to end, the staff at Park & Field was very helpful and accommodating. Rachel, the event coordinator, helped me curate the perfect menu for my party and was quick to answer any questions I had about the process. When I arrived on the day of the party, staff helped me set-up and get situated.

Faviola was our server and she absolutely rocked it! She kept our guests happy. The manager helping out was also wonderful! I forgot candles for the cake and he actually sent someone to pick some up- talk about going above and beyond! Everyone had an unforgettable time, and the food was delicious. Thank you to the staff for helping us make unforgettable memories with our friends.

★★★★★ Review, Via Yelp [Allyson H., Gold Coast, CHI](#)

"I hosted a small party here and the people I invited loved it. Staff was great, our server was very attentive, and I never had to wait to get a drink. The space is like a few different bars all in one. You have the indoor bar with seating all around. There's a separate room with a bunch of comfortable couches and a couple giant tables. Outside you have some bocce courts. There's also a few fire pits outside with TV'S set up so you can watch some games. They have a little something for everyone. Definitely recommend for parties — We all had a great time here."

"Five stars for our waitress, Allison who did the most amazing, graceful job hosting my friend's large party of birthday guests. Allison was attentive to every guest, many of whom noticed and complimented her service. She was being pulled in many different directions but kept the drinks and food rotating in and out smoothly. My expectation for such a large party was slower service but not with Allison! I was highly, HIGHLY impressed with her exceptional service. The ambiance of the place is great but nothing beats GREAT customer service."
